

# FRESNO, CALIFORNIA

## CLASS SPECIFICATION

### SENIOR MAINTENANCE AND OPERATIONS TECHNICIAN

**FLSA STATUS:**

Non-Exempt

**CLASS SUMMARY:**

The Senior Maintenance and Operations Technician is the third level in a five level Maintenance and Operations series. Incumbents are responsible for performing skilled maintenance activities associated with buildings, grounds, and equipment operations and, depending on area of assignment, for serving as lead worker to maintenance and operations staff and for operating light and/or heavy equipment.

Distinguishing characteristics within the class, depending upon specialized area of assignment are, responsibility for independently performing maintenance activities which may include: bus equipment monitoring and distribution, heavy equipment operations, light equipment operations, property maintenance, custodial activities, or street sweeping.

The Senior Maintenance and Operations Technician is distinguished from the Maintenance and Operations Technician by its responsibility for performing skilled building, grounds, and equipment maintenance and operations activities. The Senior Maintenance and Operations Technician is distinguished from the Maintenance and Operations Specialist, which is responsible for performing journey and lead level buildings, grounds, and equipment maintenance and operations activities.
